

## + Mission Continued Outreach

FAN had the pleasure of being personally selected by Ms. Hardy DC for The Mission Continued Outreach Project. Her team came in and revamped our new space. Even Council member Trayon White came by to give a helping hand. We received new shelving, storage units, a chalkboard and dry erase wall! We are beyond grateful and the kids LOVE it!

## + Alumni News!

We always make sure our Alumni participants have an event to keep them engaged. We had a Trap & Paint, but it turned into a kiddie Juice and Paint. Our little ones painted while our Alumni was engaged in a HIV Prevention Presentation by Mr. Kevin Charles.

FANs alumni also had a listening session with DBH. We discussed true needs of our youth!

## Project Create FUN

Everyone knows that nobody does art like PROJECT CREATE! Our youth continues to enjoy weekly art sessions with the wonderful staff of PC!

## Trip City!!

FAN makes sure our youth can get out every now and again. We took our babies skating at Skate Palace in Temple Hills. It's the kids favorite spot! Also check out Tobias with Ms. Destiny. We love when our older youth spends time with us. Guess we are still cool!
